Sir:

Applicant submits herewith a statement on the substance of the telephonic interview held on September 26, 2006.

The Examiner stated that the Declaration was objected to because the 1st and 5th inventor should be identified without abbreviations. The Examiner gave the agent a few days to contact the overseas applicant. Agent notes that the attached Supplemental Application Data Sheet identifies the full names of the 1st and 5th inventors.

Applicants gratefully thank the Examiner for assistance in this matter.
